Welcome to the UMCWFB Scrip Gift card program!

The program is simple. You buy physical or virtual gift cards at face value for the stores, restaurants, and other merchants you already frequent. The church is charged less than the full value, and the difference is income for the church.

You can buy 3 different ways:

Order physical cards from the form on the back

Fill out the form and turn in with payment for the full value. Your cards will be available next Sunday. Ask if you don't see a vendor.

Buy a physical card we have in stock

We have physical cards for over a dozen popular merchants on hand. Pay today and take your cards with you.

Register for an account to open the full world of scrip. Pay directly online. Ask for the registration code for our church!

Why a scrip program?

Through scrip you help us raise income as part of your regular shopping routine. There is nothing extra to buy. In the last year, we've raised over \$5,000 with 30 participating families. One church family has earned over \$1,000 in rebates. Imagine the earnings if hundreds participated.

What merchants are included?

Over 700 companies with rebates as high as 20% are part of the program. UMCWFB participants have purchased from over 75 merchants. The most popular companies for our congregation are Pick n' Save, Metro Market, LL Bean, Sendik's, Home Depot, CVS Pharmacy, and Speedway. Starbucks, Amazon, and Kohl's have also been purchased regularly.

How much does it cost?

You pay for and receive the full value of the card, so it costs you nothing extra. Use scrip cards for the shopping you are already doing. Or give them as a gift to a special person.

Can I buy store items on sale?

Scrip cards are the same as cash so there are minimal restrictions on usage. Most do not allow gift cards to be used for payment of a store credit account.

Can I buy scrip with a credit or debit card?

No. Please pay by check or cash. The fees associated with credit/debit card payments reduce the income from the card rebate. You can pay online with a standard ACH transaction.
